Step 4 Continue to Phase 2

Phase 1
successful

Stage 1

HITA Serial Number

3: _____

Expired

HiTech TA -Installation Notes

Please download HiTools to install HiTech TA

Baidu Cloud download

Google Drive download

Download HiTA

Stage 2

Connect Teaching with Smarter Cloud Service.

TTLITDA provides accounts for Instructional Expert System (IES) educational cloud services to teachers who practice vigorously in Stage 1 applications. With the cloud access, teaching materials can be uploaded to cloud before class, and the e-Notes generated during class can all class. Students can use AClass One Learning Companion App installed on tablets to read e-Notes, activity records and the materials posted to anywhere with their individual account.

IES-Instructional Expert System

Fully integrated with TEAM Model Smarter Classroom, IES is the cloud platform that can store teaching materials, and access students' diagnostic reports. The e-notes generated there can be automatically stored in IES for 24/7 access to help students achieve academic success. It enables teachers to strategize an educational solution to fit their students' needs. ...more

AClass ONE Learning Companion App

AClass ONE is the most convenient and friendly educational App which blends teaching and learning. Students can read the E-notes and analysis reports generated automatically right after materials provided by teacher, and watch videos marked by themselves to review the important lecture. In addition, students' learning progress and development are accompanied by the system throughout the lesson. The personalized learning portfolio will help individuals to unlock their potential.

Step 1

Enter event website. Share your thoughts on "Smarter Education"

Step 2

Upload your Smarter Classroom photo or short video film.

Join Stage 2: Success

For teachers in Stage 1: your key for HiTech TA will be automatically extended for 12 more months
